55 YEARS

Bull & Female Sale

FRIDAY, JANUARY 26, 2024

Welcome

DOUBLE J FARMS 50TH ANNUAL SALE

Welcome to the Double J Farms 50TH ANNUAL PRODUCTION SALE!

On behalf of my family here at Double J Farms we would like to welcome you to our 50th Anniversary Sale! We have a built a lifetime into these genetics while developing a deep love for cattle as well as our customers throughout the last five decades. Dad set the bar high for me when he started Double J Farms back in 1974 and it makes both of us proud to see how our genetics have worked in many different outfits across the country. While our fourth-generation family farm has experienced change throughout the last 50 years, we have remained consistent with producing cattle that meet high production standards while prioritizing the value of strong customer relationships.

This is one of the most uniform set of cattle we have offered from top to bottom that show a great representation of the quality that we have strived to produce over the years. We began incorporating a 30-day calving window in 2018 requiring a high fertility standard out our females in addition to passing down performance, soundness, docility, and strong maternal traits allowing for the advancement of your own programs.

The weather has been great to stop by the farm to preview this set of cattle. Videos of the entire offering will be available on DV Auction as well as our website at the beginning of January. We certainly hope you can be with us in person on sale day, but if not, the sale will be live online at DV Auction. Please call or text me or any of our staff with questions, we love to talk cattle anytime! We would like to thank our family and friends with their help with this great set as well as your continued support and belief in our program over the last 50 years! We look forward to seeing you Friday, January 26, at noon.

Thank you for being our partners in success!
Double J Farms - Kipp Julson

YOUR PARTNERS IN SUCCESS!

Everybody who previews the cattle before sale day will be entered into a drawing for the Mineral X-Feeder. Buyers and registered bidders will also be eligible to receive other great prizes and additional giveaways in honor of our 50th Annual Celebration! See you on January 26!

Announcements:

Any announcements made sale day take precedence over printed material in the catalog or other printed material associated with this sale. Anyone attending the farm or sale attends at their own risk and will not be held responsible for any personal injury for attending this sale.

Updates & Sale Order:

Additional information including pictures and videos as well as the sale order will be posted on our website at www.doublejsimmentals.com and www.dvauction.com. Any postponements will be posted on DV Auction, Facebook, Double J Farms website or you can call a representative.

EPDs: 12/14/2023 EPDs are provided. Please note that EPDs may change from the time printed until the registration papers are transferred.

Terms & First Breeding Season Guarantee: All cattle sell under the Suggested Terms and Conditions of their respected breed under the American Simmental Association or American Angus Association and sell with a registration paper. Seller will not be responsible for more than purchase price should an issue arise. Bulls were weaned in August alongside their dams with nose weaners. They were brought home to the lot and developed slowly and not over conditioned. As proven with our ADG and WDA, we do not believe in feeding a high corn ration for a short period of time to show a high ADG. Our ADG is from weaning date to yearling weight date. Bulls will be wintered, semen evaluated, complete vaccination program, magnets and guaranteed with delivery available. The bred females are pregnancy checked with a Scour Guard 4KC shot and due to calve within the period printed.

Retained Semen Interest:

Double J Farms retains 1/3 semen interest/revenue on any bull selling and in herd use semen. Any semen collection for herd use would be at our expense and the buyer's convenience.

Sale Day Phone:

If you would like to bid by phone, please call a representative or myself with plenty of time ahead the sale to ensure we have your needs covered. We will guarantee our sight unseen selections for you.

Trucking:

We will deliver most of our bulls ourselves after they are semen tested in April. Truckers will be available to go anywhere needed at a minimum cost outside our free trucking area. We would appreciate pick up or delivery arrangements of the females to be made within a few days of the sale.

What a way to kick off our 50th Anniversary sale! This bull's mother will make it to our Donor pen as her mother has performance and longevity like no other, posting 10 calves with a 106 WW and 109 YW ratios and still going strong for her new owner as she was sold in last year's mature cow sale. With his 4.26 WDA, as well as WW and YW ratios at the top, this standout stud has found friends early on and will find more on sale day!

We have been blessed to be in this business for 50 years and are proud of the cattle we have produced throughout the years. I knew a year ago this heifer was going to be the lead off female for our 50th Anniversary Sale. This will be the last opportunity to obtain a full sibling to Dakota Outlaw, Jesse James and Spotlight. A pedigree that has been found by great cattlemen and with this mating to Falcon, the calf in her belly should command high dollars and generate income!

When you look at this high end, easy-fleshing ground sow, you will understand why she is so good because she comes from a stellar cow family. She posted a 114 WW ratio with WW and YW EPD's in the top 2% and Milk in the top 10%. This one is bred up to the deceased Golden Book and shouldn't be leaving the place.

KRJ E7118

E7118's dam, Latisha, was crowned in 2018 as the Champion Purebred Cow/Calf Pair at the National Show. This Cowboy Cut daughter has produced 4 daughters of her own and had her first bull calf this year by Genesis that posted a 112 WW ratio, but unfortunately got hurt. Recharge was the \$100,000 record high seller at the Bridle Bit Simmental 2023 Sale. This impressive young herd sire has an exceptional phenotype and outstanding ultrasound data. Not only does he have a 107 WW ratio and a 109 YW ratio, he is also in the top 3% for calving ease and in the top 10% for both API and TI! There has been much talk about the great potential for this young stud. Don't miss out to capitalize on this excellent genetic opportunity!

NPC GLITZ & GLAMOUR C519

C519 found herself at the backdrop multiple times in her show career being named Champion several times in 2016 as a heifer with her success continuing with a calf at side as she was crowned the National Purebred Cow Calf Pair in 2020! This beautiful baldy injects her progeny with the structural soundness, extra dimension, and muscle shape that seed stock producers are after. Revolution is the \$140,000 son of Right Now and is one of the most dependable sources of performance within the Simmental breed! His influence continues to present itself in high performing; extra growth progeny that hand over serious pay weight additions. Little semen has ever been marketed and with him gone, inventory is limited and hard to get. This is an investment that is sure to generate revenue!

Hot Tamale is the direct daughter of Secret Weapon and Red Jewel that has an unique eye appeal and is equipped with the structural soundness and body capacity that anyone can tie too. She was a many time breed champion and was selected into the top 5 Purebred Cow/Calf Pair at the 2022 National Simmental Classic. Next Level is the son of KRJ Dakota Outlaw who has taken the breed by storm with daughters topping calf sales across the country. Next Level semen has been limited and is off of the open market so take advantage of this fresh new mating!
